

Firmware V1.5

replace

Firmware V2.0

rename to the same
filename like V1.5:
u-boot.bin

copy this file
here

Finally, change content of factory_update_param to:

```
--update_package=/sdcard/update.zip  
--update_patch=/sdcard/patch.zip  
--wipe_data  
--wipe_cache  
--wipe_media
```

= v2.0 flash from SD-card
